Success for Life Real Estate Seminar

The \$10/Million Dollar Listing Presentation

The \$10/Million Dollar Listing Presentation

The first thing you will see and learn at this seminar is how to cost-effectively market for listings at any price point from under \$1/Million to over \$10/Million in a unique way, created by broker/mentor Al Lewis, that will fill the months ahead with sellers predisposed to listing with you when the time to sell comes irrespective of competitive brokers and agents that traditionally dominate the neighborhoods and markets within which the sellers live and you desire to work.

You will learn how to be the competition as opposed to fearing it.

Go to – AlLewisProfile.com – for Broker Info.

The second thing you will see is – The Secret of The Ages – a Listing Presentation the magnitude of which can be used to sign (1) Mainstream Houses (2) Multimillion Dollar Estates and (3) New Development Projects valued at hundreds-of-millions of dollars (a hundred-million dollar project, after all, is only a hundred million-dollar homes).

The Ultimate “How To” Seasoned Six-Decades as of 2020.

You will see (1) A Structured Marketing Plan for reaching out to Rich Overseas Buyers, Locals with Means, and nine other targets made up of Blueprint Strategies – including Selling by Auction – unique to the Real Estate Professionals’ program (2) You’ll see Fantastic Pictorial Displays and (3) In-House Talking Points for both the Seller’s Presentation and for Turning Slow-Sale Real Estate into Fast-Sale Real Estate.

You’ll see these things and much more developed and presented by forty-year sales and marketing vet, broker/mentor Al Lewis, in person.
